Gary, you are correct in that you did the see backup on both Thursday and Friday final 1900-55. However on Thursday I forgot to hit the final button to finalize the transaction. I did finalize the transaction on the following day after I realized it was never actually finalized. I apologize for the confusion.

1. I still think the berm receipt is a duplicate of what was approved on the 6/4 1900-55.
2. Don't worry about my comment to the Adler Vac Boxes as I show they were used for ST5.
Fix item 1 above or let me know how this is not a duplicate.
